

ALEXANDRIA, VA.

THURSDAY EVENING, APRIL 13, 1882.

TAKING ONE consideration with another the lot of Mr. Jorgensen is by no meas a happy one. It was on his motion in the State republican convention that the nomination of a straightout republican ticket was postponed, and the entire abandonment of that purpose and the final republican enlegitimate results of that postponement. He and Quantico creek. has written and published letters approving the Mahone movement and advising his cerning the passage of any bill for the reclapolitical friends to give it their hearty support, and though professing to belong to a professed debt-paying party, so far at least as his public acts are concerned, has done all that it was possible for him to do to mitted. In the meantime they have diassist a party which openly avowed that its rected the assessors of the District to assess "living principle was repudiation. He has availed himself of every opportunity to parties claiming ownership of these flats for render himself agreeable to General Mahone, present and past taxes. but all his advances have been spurned as contemptuously as his volunteered help was received, and utterly unable to avoid the fate that surely awaits him, is compelled to sident said it would afford him pleasure to sit still and watch the perfection of the accept the invitation but that if circumplans of the Mahoneites who have doomed him to political destruction. In the other Congressional districts of the State their grow to be a Presidential tree. plans will gang aglee, but the stars of the Mahoneites have said that hereafter the "Black District is not for Joe." And when the seat he has so long occupied in the U.S. House of Representatives shall know him no proprietor of the Cincinnati Enquirer, and more, and when with his carpetbag, now well filled, he shall take his sad and lonesome way back to his sewing machine company in the North, he will be enabled to city who want to have an investigation of appreciate not only the truth, but the deep pathos contained in the words of the Chief mourn for Logan? Not one."

Now THAT General Mahone, through both his home and Washington organ, has openly assimilated his followers with the National republican party, incorporated in Connecticut from the wool of the Angora them into that party as a recognized por- goat raised in Tennessee. The material tion of its being, subject to its orders and obedient to its commands, that party becomes responsible for their principles and their policy, and will be held to answer for honites are divided into opposing factions this acknowledged authority, if it permits them any longer to prosecute their repudiwill not be able, even in the North, to recan party cannot hope to be successful if it afternoon. be a debt-paying party in New York and a in the Senate, and is reported to be in repudiating party in Virginia at one and the same time, and if it transplants its honest New York precepts to Virginia General schemes by which he hopes to secure his Mahone's new political allignment will prove an unintentional blessing to the say that his efforts will be vain, and that State he has done his worst to outrage and though Mr. Wingfield was induced to break

resolution for a convention to revise the State Constitution in the Virginia Senate, last Tuesday, asked if the election by the Legislature instead of by the people had not secured a more independent judiciary? That was a carious question to be asked by voice of the people is the voice of God, and who votes in favor of allowing the people, and not the councils, of the cities of the State to elect even their petty municipal officers. But what sort of a question was it, in view of the fact that the man who asked it was a member of the caucus that nominated, and of the Legislature that elected the "lizard" and other incompetent judges who now disgrace the State and who dare not move save by the consent of the Boss.

ON NEARLY all railroad passenger trains, especially in the far South, there are cars set apart for ladies, and their escorts, and from which men unaccompanied by ladies are excluded; and yet because Bishop Payne. has as yet sedulously denied it. under this regulation, was excluded from a car in Florida, the whole republican party is agog. If the Bishop were a white man instead of a negro the knowledge of the "gross" and C. Smiller, at Stafford, Harford county, Md. indignity" that was put upon him would have never reached the North.

Among the distinguished arrivals in Washington on Tuesday last, was General Wm. Mahone, superintendent of the Virginia Legislature. The General paid a hasty visit to the city on business connected with the institution over which he presides with so much dignity. He went there to get Don. Cameron and other prominent republicans to instruct Williams and Wingfield, of the Senate of Virginia, how to vote on his measures pending in that branch of the Legislature. The General was suddenly called back to Richmond, by a telegram from Capt. Metoo, that the Senate had resolved to adjourn sinc die on Thursday, the 13th. The General reached Richmond in time to defeat the adjournment in the House.

The Mahoneites a short time ago professed to be in favor of a reduction of taxes, but when Mr Conrad, a democratic member of the House of Delegates, on Tuesday last made a proposition to reduce the State tax from fifty to forty cents on the \$100 worth of property, they made haste to defeat it. They want the taxes kept up so as to meet the increased expenditures occasioned by the extra session of the Legislature and the numer-ous other ways in which they have squandered the tax-payers money.

LETTER FROM WASHINGTON.

The House Committee on Commerce is now hurrying as rapidly as possible with the river and harbor appropriation bill .-They have progressed as far as New York, and will consider the Virginia improvements about the end of this or the commencement of next week. The town council of Fredericksbug has appointed a delegation to represent to the committee the necessity for an increased appropriation for the Rappahannock River, but as the committee has adopted a rule to hear no body but Congressmen, all the delegation which is expected here to-day, can do will be to state their case to Mr. Garrison, who

will present it to the committee. The appropriations which Mr. Garrison wants to obtain, if possible, are the following: Rappahannock River, \$34,000; Neabsco creek, \$20,000 ; Nomini creek, \$10,000 ; Currioman \$8,000; Nomini river above the ferry \$51,-000; and unestimated appropriations for Urbana, Toluski river, York river, Upper Machodoch, Piscataway creek, Hull's creek in Matthew's county, Hunting creek in Accomac county; Great Wicomico river from Cedar Point to Indian Point, Milford Haven dorsement of the Mahone ticket were the in Matthew's county; Pungateague creek.

The Redistricting Bill Defeated.

[Special Dispatch to the Alexandria Gazette.] RICHMOND, April 13.-The Mahone scheme for redistricting the State for members of Congress, so as to give the readjusters eight out of the ten members to which this State is entitled, was de feated in the Senate to-day. The democrats, combined with two republicans and two democratic readjuster, accomplished this object. Every effort to induce Williams and Wingfield, the republicans, to give their adherence to this measure proved unsuccessful. During the day a large number of prominent republicans from different temperature is very cold, and the truckers consections of the State were on the floor of the Senate. One of these took a seat near Senator Williams as soon as the Congressional reapportionment bill came up, but the gentleman cast his vote against Mahone's pet scheme for running his administration Congressmen. Ex-Auditor Massey and the four anti-Mahone Senators are jubilant. This defeat means that the ex-Auditor is going to be a candidate for Congress from the State at large as an anti-Mahone aspirant. An effort was made of the Lagislature beautiful this session of the Lagislature beautiful this session to reconsider the rejection of the bill, but it was bill, which requires the coupons to be submitted voted down.

Under such convincing circumstances, the matter of confessing my cure became a question of conscience and of duty to humanity. "Here is a remedy," I said, "that has done for me what the best medical skill of the country could not accomplish"—and as an honorable man I will not supplish. press the facts. I therefore write you and most unhesitatingly assert that for all diseases of the kidneys, liver, stomach or urinary organs which are amenable to treatment, Warner's Safe Kidney and Liver Cure surpasses any remedy I have ever known or used, and since physicians have so much A few months ago an interview with a prominent and well-known physician, formerly a resident of Detroit, but now living in New York, appeared in the columns of this paper. The statements made by the ill-success in the treatment of diseases of these

Statements so outspoken as the above and com ing from such a reliable source are valuable be youd question. They conclusively show not only the power of the remedy which has become so well-known and popular, but the great importance the interview and the validity of the state-ments it contained. The name of the physician was at that time suppressed at his high standing sink their prejudice and willingly declare their belief in that which they know to be valuable, the public may confidently follow their example.

"A Special Dispensation."

WILMINGTON, N. C. Feb., 4, 1881. I regard your Safe Kidney and Liver Cure as a sort of special dispensation of Providence to those "hopelessly" ill of kidney and liver diseases.
